Mixed reactions were received on the Australian Government's proposal to introduce Short Term Mobility Visa category which provides a one-year multiple entry visa for skilled foreign workers, which do not require current language and skill assessment and employers do not need to submit evidence of local labour market testing.

The proposed visa scheme would allow companies to fast forward the 457 skilled worker visa by bringing candidates to Australia for up to one year without the effort of submitting an application for 457 employer sponsored visas.

Kuya Program in Manila shows Progress

ISA Group's CSR activities via the Kuya Programme in Philippines, achieved its objective of improving the lives of two young men in Manila.

Br. Luc Boudreault, SC said, "I am glad to inform that Wilmer Cabudoc and Jeffrey C Alla are now working. Wilmer is in Tarlac working in welding and is also studying a Bachelor's degree. Jeffrey works in a construction company in Guadalupe and goes home to Litex. His wife is expected to give birth to their second child soon."

Brett Merrey, Recruitment Director of ISA Group said, "We are certainly happy with the progress shown by the two young men and our role to help improve, empower them to develop life skills and values towards a productive life. We like to thank Br Luc for the support and the good relationship we have enjoyed over the years."

In Wilmer's first month living away from home, he shared with his social worker that he felt nervous at the beginning and was struggling to get back into the routine of classes and studying. Although he is quite shy, he is very happy with the opportunity granted to him, whose family has been a great support to him.

Jeffrey learnt a lot about welding. His family have been a rock of support and Jeffrey appreciates that the chance he has been given is very rare which opens up huge opportunities for him and his family.

Kuya program was supported by ISA Group in 2012, with the aim of contributing towards the community in Manila, and is designed to provide opportunities for young men from disadvantaged families to learn practical trade skills along with personal development.

ISA Group has been active in successfully recruiting and obtaining Australian visas for many Filipino nationals to move and work in Australia.

Our annual staff Christmas gathering on 9 November 2014 was a very special and memorable event. It was held at Matilda Bay reserve, a grassy parkland overlooking the Swan River, a perfect location to spend Sunday morning amongst staff and family members against a backdrop of graceful black swans paddling in the river and Perth's skyline.

Glorious sunshine and cool breeze together with delicious food and interesting games, promised everyone a happy and fun filled day.
